This plan has been prepared to assist in identifying the location of Virgin Media apparatus. While we have taken care to ensure its accuracy, we cannot guarantee that it is complete or error-free. In addition, we caution that within Virgin Media apparatus there may be instances where mains voltage power cables have been placed inside green, rather than black ducting. This plan should not be relied upon as the sole source of information when carrying out excavation or other works. The actual position of any underground services must be confirmed on site using appropriate cable detection equipment and other verification methods before any mechanical plant is used. Accordingly, unless it is due to the negligence of Virgin Media, its employees or agents, Virgin Media will not have any liability for any omissions or inaccuracies in the plan or for any loss or damage caused or arising from the use of and/or any reliance on this plan. Should you find, whilst carrying out the works, that apparatus belonging to Virgin Media Limited, is not marked, or is incorrectly marked, can you please take such steps as are reasonably practicable to inform Virgin Media Limited of its location and (so far as appears from external inspection) its nature and whether it is in use. This plan is produced by Virgin Media Limited. © Crown copyright and database rights 2026 OS AC0000850350
